

Life-stage based entitlements

This chapter explores initiatives designed to provide support throughout different life stages, from birth to aging. These initiatives serve as valuable tools to assist individuals in navigating the various challenges and milestones encountered at different points in life. The carefully organized schemes aim to holistically address key aspects, ensuring a well-rounded approach. The breakdown includes:

1. **Basic Registration:**

- Unveiling the significance of basic registration and the associated card(s) that play a pivotal role in the process.

2. **Life Stage-Based Entitlements:**

- **Maternal and child health:** Introducing support mechanisms for the crucial stage of childbirth to mother and child.
- **Food & Nutrition:** Ensuring access to essential nutritional support.
- **Health:** Providing comprehensive healthcare benefits.
- **Education:** Focusing on educational support, opportunities and learning.
- **Disability:** Addressing the unique needs of individuals facing disabilities when things get tough.
- **Death:** Offering support and assistance in times of loss.
- **Housing:** Facilitating access to adequate housing.

3. **Livelihoods:**

- **Detailing schemes targeted at livelihood aspects:**

- **Unemployment/Skilling/Self-employment/Micro-credit:** Offering support to enhance employability and entrepreneurial ventures.

4. **Asset Acquisition:**

- Expounding on schemes facilitating the acquisition of assets:
 - **Tabs/Two-wheelers (10):** Providing avenues for technological and transportation empowerment

This comprehensive framework, encompassing a myriad of life stages, strives to ensure that laborers are not merely recipients of aid but active participants in their journey towards resilience, prosperity, and sustained well-being.
